

CLAIMS

What we claim the Poly Pipe Water Flow Control Choker Gate will do:

- I. It will control the water in poly pipe to force the water to back uphill.
- II. Completely shut the water off of a line of pipes to redirect the water flow.
- III. Has the ability to reduce the water flow to a height of 1 inch.
- IV. Has the ability to reduce the water flow to various heights of 1, 2, 3, 4, 5, 6, 7, or 8 inches.
